

BRANDBUDAGENE THE 1ST OF JUNE 2013

The 1st of June we went for a trip to Brandbu. That day [Hans Majestet Kongens Garde](#) was going to visit.

We parked the car outside the village center, and walked from there to the main street through Brandbu. Here we are crossing the small river [Vigga](#).

It had been raining all day. There had been arranged a [gravity racer](#) derby and [Hadeland American Car Club](#) had old cars on display.

There are not many people on the square.

Most of them are lining up along Storlinna (the main street). At first Brandbu Skolekorps (School Band) is coming.

Here they have marched by.

Then comes Garden. They are going to have a show at the sports grounds.

People follow up to the stadium.

Here they are at the [stadium](#).

The show can start.

It is a new and nice stadium.

Garden impresses every time they make a show.

There was also a [report](#) in the paper Hadeland.

There were a lot of people on the tribune and along the edge of the stadium.
