

## JEVNAKER

The 1<sup>st</sup> of June we drove to [Jevnaker](#) to meet Silja. We met at [Kokkestua](#) at [Hadeland Glassverk](#). We had a shrimp sandwich, marzipan cake and coffee. Mona Svenbalrud came there too.

After we had eaten, we went over to [Høvdinghallen](#) to have a look on the goods, which they had for sale.

When we came out again from Høvdinghallen, we found out that we had to keep 1 meter distance. Mona is measuring.

I'm keeping the distance. Silja is seeing to that all is done correctly.

Mona is living not far from Glassverket, so we went over there for a short visit. On our way we met Camilla Marie Fossheim.

Before we left Glassverket I took a picture of a locomotive that have been used for freight of sand to Glassverket until 1988.

On our way home we drove past these nice trees nearby [Skarnes](#).
