

MOLDOVA, 27. SEPTEMBER – 3. OCTOBER 2015

Wednesday, September 30, we drove by bus to Selemet, where the voluntary organization [Norge-Moldova](#) has concentrated its effort the last period. They have put up a great effort to build new [kindergarten](#), [social center](#) and a [dentist office](#).

Greetings.

The Mayor of Selemet comes.

The interpreter to the right.

Some of the kids in the nursery has been tasked to greet us with bread and salt. This is a traditional way to welcome guests in this part of the world.

We get a bread each in a bag.

Inside the hall in kindergarten.

We visit three age levels.

These are the smallest.

Here they can sleep when they are tired.

Nice washing room.

Acting of the smallest.

More acting.

Now we will hear some singing.

[Video 1](#) [Video 2](#)

I'm listening.

Then there are speeches.

Then dancing.

[Video](#)

There is still something that is worn.

Here we are in the museum.

I and the Mayor.

The church in Selemet.

The geese are going freely.

Then we will have a look at the medical center.

On our way up to the house.

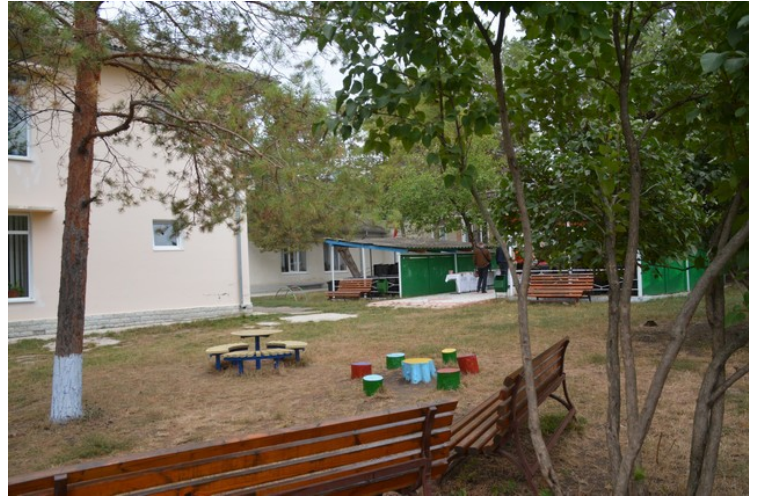

The doctor is retired, but he is still working, so the place should have a doctor.

Nurses.

Outside the nursery again.

The kindergarten leader to the right.

Then we will get some coffee, cakes and chocolates.

Very good grapes.

Mmmm...

We peeks into the training room.

The dental office.

These are waiting their turn.

Pictures from earlier visits.

Then there will be entertainment by the greatest kids.

Then speeches again.

Everyone gets an image that the kids have made.

We also got an image each.
