

TOTEN

The 7th June we drove to [Toten](#) to visit Anna and Harald Holthe. They live in [Kolbu](#). There we were served meat in sauce, rice and salad; coffee and cakes afterwards.

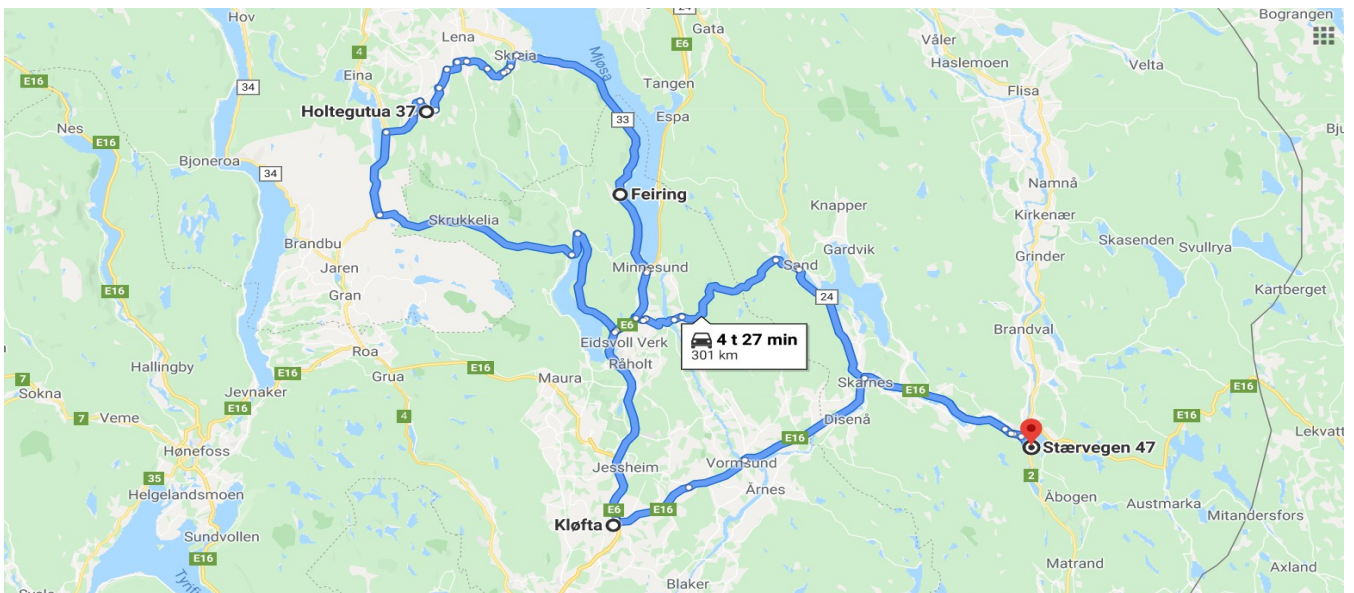

They have a nice cactus that bloomed when we were there.

Outside the kitchen window we saw a [goldfinch](#) eating seeds.

We had to have a picture of Anna and Harald before we left again.

We drove this route, Sand and Skrukkelia over and Feiring and Kløfta on the return trip.
