

VAKKERSÆTRA – HUKUSJØEN 26. AUGUST 2020

This day we drove this round trip.

Holmsjøen and Vakkersætra are shown here.

Hukusjøen.

This is right before we get to Risberget.

This is at Risberget

We drove on, almost to Hukusjøen, to Rusvekk. There we drove a gravel road up to Holmsjøen.

Vakkersætra is located by Holmsjøen.

Holmsjøen.

After we had been at Holmsjøen, we drove down again and further north on the west side of Hukusjøen.

This is the bridge over the Glomma at Arneberg.

The grain was harvested in many places in the district.

Through the center of Kirkenær.

In Kirkenær. Coop Xtra and the grain silo on the left.

Out of Kirkenær.

Just south of Kirkenær there was road work, so we had to wait a bit to get the green light.
