

## VÄRMSKOG IN SWEDEN – 5. SEPTEMBER 2023

On Tuesday 5 September, Bjørn and Pia took us to [Värmskog](#) in Sweden. We were going to [Värmskog's café](#), which is located in [Liljenäs hembygdsgård](#) near [VärmeIn](#). The property belongs to [Värmskog's Hembygdsforening](#). The cafe business is run by Cathrin Sundling together with around 20 employees.

The cafe has become famous for its prawn sandwiches.

They come in two sizes: 150g prawns and 300g prawns. We chose the size with 150 grams of prawns. Then we were stuffed.

All the prawns are cleaned by hand.

This is the driving route.

The cafe is located by Lake VärmeIn.

Here we are. People sit outside and eat.

There are many benches and tables outside.

Boats in the cove by the cafe.

On the way in.

Inside, the food is ready in the counter.

In the middle of the room is a counter with knives, forks, napkins, cups, coffee pot, salt, pepper, etc.

I look around.

It was created in 2014 in a commercial kitchen from the 1940s.
